

How can we create a cohesive across-the-board curriculum for preschools?

- a. **Convener(s)** – Bianca Soares – *biancaleighsoares@gmail.com*
- b. **Participants** – Alanna, Damian, Jesse, Jerica
- c. **Summary**

Inquiries –

- What kind of instructional guidelines can we make with pictures and story-telling?
- What works best with the different age groups?

Concerns –

- Training staff gardening
- Teaching high school students to be ECE (Early Childhood Education) certified so they can intern
- How can we make it so that preschoolers will remember?
- Kids with special needs?
- Bilingual?
- Access with WIC program

Info/Resources –

- Look at preschools with existing programs
- Life lab “seeds of wonder”
- Creating incentives for high schoolers through existing universities
- Americorp, FoodCorps

Options/Next steps –

- Reaching out to preschoolers who are interested in gardening programs matching them with local
