Inquiries –

- Progress or co-option
- Will large scale farms disappear?
- Is a diluted form of sustainable agriculture better than none?
- Define sustainable
- Don't alienate
- Partial is better

Concerns –

- Cost?
- Equity of sustainable agriculture = it's available to all groups
- Preserving ideas while bringing large scale into sustainable agriculture

Info/Resources –

- Priced out = overseas
- Economic profitability
- Stay out of "niche"
- Conversation gets started

Options/Next steps –

- Crisis = change
- Get MIC involved
- Outreach Education
